## CRRN Prep Guide

1. When preparing for the CRRN® exam, the rehab nurse understands that all except which of the following topics falls under the domain of Functional Health Patterns?
  - ☐ A. Scope of practice
  - ☐ B. Pharmacology
  - ☐ C. Sexuality
  - ☐ D. Teaching wellness interventions
  
2. Larry is studying for the CRRN® exam and looking at the four domains of the test. Which of the following is not one of the major domains of the CRRN® certification test?
  - ☐ A. Rehabilitation nursing models and theories
  - ☐ B. Functional health patterns
  - ☐ C. Legislative, economic, ethical, and legal issues
  - ☐ D. The ARN Competency Model for Professional Nursing
  
3. Angela is considering taking the CRRN® exam. Her supervisor strongly suggested she purchase the ARN Core Curriculum to help her study. The major reasoning for this is:
  - ☐ A. The CRRN® exam is mapped to the ARN Core Curriculum.
  - ☐ B. The ARN Core Curriculum was written by a single expert in rehabilitation nursing.
  - ☐ C. The Core Curriculum was written by the same authors of the CRRN® exam.
  - ☐ D. The Core Curriculum contains a practice test.
  
4. If the nurse is studying for a standard certification test and she doesn't know the answer to a question, what is one technique to use that might increase her chances of answering the item correctly?
  - ☐ A. Guess randomly
  - ☐ B. Choose the longest answer
  - ☐ C. Analyze the stem of the question for clues
  - ☐ D. Leave the answer blank
  
5. Susan is studying for her CRRN® exam and uses several resources to help her prepare. As she takes a practice exam online, Susan tries to see what types of questions are asked on the exam. She finds that one type of question on the practice test is the most common, and that is:
  - ☐ A. True or false
  - ☐ B. Multiple choice
  - ☐ C. Fill in the blank
  - ☐ D. Essay

**Answer Key:** Question 1. A | Question 2. D | Question 3. A | Question 4. C | Question 5. B
